

Geometry Project Alternate Assignment

Mr. Klar

Due Wednesday, May 25

This packet is instead of the building project, it should be treated like an open book test.

- Each problem is worth 1 point.
- To be fair to everyone else, this packet is the same amount of work as the project, so there are a lot of problems.
- Each problem will be graded for accuracy, incorrect answers will receive no points.
- You must show your work on each problem, use the blank page opposite the problems to show your work.
- Your Name: _____
